

# CHALMERS UNIVERSITY OF TECHNOLOGY

Chalmers University of Technology is a highly progressive university, known locally and globally for education, research and innovation stemming from a close relationship with both industry and society. Education at Chalmers achieves high international standards of teaching and research making your degrees highly valuable to international employers.

Chalmers is one of Sweden's largest and most highly acclaimed universities of technology. Chalmers is ranked 132 in the world on QS 2015 and is also among the top 100 universities on some of QS subject specific ranking lists; Electrical Engineering, Electronics Engineering, Architecture, Civil and Structural Engineering.

The university was founded in 1829, following a large donation by William Chalmers. The university has about 10,000 students and 2,500 employees.

## STUDENTGOTEBORG.COM

Discover restaurants, cafés, the archipelago, the nightlife and all that makes Gothenburg a perfect student city at [studentgoteborg.com](http://studentgoteborg.com)

The University of Gothenburg and Chalmers University of Technology are two of Sweden's most popular universities with 50,000 students. What makes them truly special is the combination of outstanding research and the well-developed collaboration between academia, business and public sectors. But Gothenburg is not only a great student city but also an exciting metropolis with a wide range of activities, culture and entertainment.

### Welcome to Gothenburg!

## ARE YOU A NEW STUDENT? WELCOME!

As a new student in Gothenburg you are welcome to take advantage of our many unique events and tailor-made activities. Get to know your fellow students at the University of Gothenburg and Chalmers University of Technology while you discover what the city has to offer. Almost everything is free of charge!

Read more at [studentgoteborg.com](http://studentgoteborg.com)

## HEALTH AND SPORT ACTIVITIES

Your health is important. As a student, you are entitled to free study-related healthcare at Akademihälsan, the Student Health Centre.

An active lifestyle is good for your health and can improve your study-results. Fysiken is a gym for the students of Gothenburg and has five locations around the city. At Fysiken you can work out in the gym, participate in group activities, play ball games, go climbing and try out CrossFit.

Both Fysiken and Akademihälsan is owned by The Association of Student Unions in Gothenburg (GFS), a non-profit organisation for the students in Gothenburg. GFS strives to improve conditions for students in various ways, mainly by offering students help and support within the social/socio-political arena.

GFS also provide free legal advice for student union members, through our student lawyers.

## FIND ACCOMMODATION IN GOTHENBURG

The key to finding a place to live is to search widely and start house-hunting at an early stage. A good first step is to sign up at Boplats where you can apply for Chalmers' student flats directly, and also sign up with SGS Studentbostäder – but expect up to two years of waiting time for a student flat.

At Boplats you also find sublets and rooms to hire in private homes, which often are available immediately. Visit Boplats at Rosenlundsplatsen 1.

## UNIVERSITY OF GOTHENBURG

The University of Gothenburg meets societal challenges with diverse knowledge. 37 000 students and 6 000 employees makes the university a large and inspiring place to work and study.

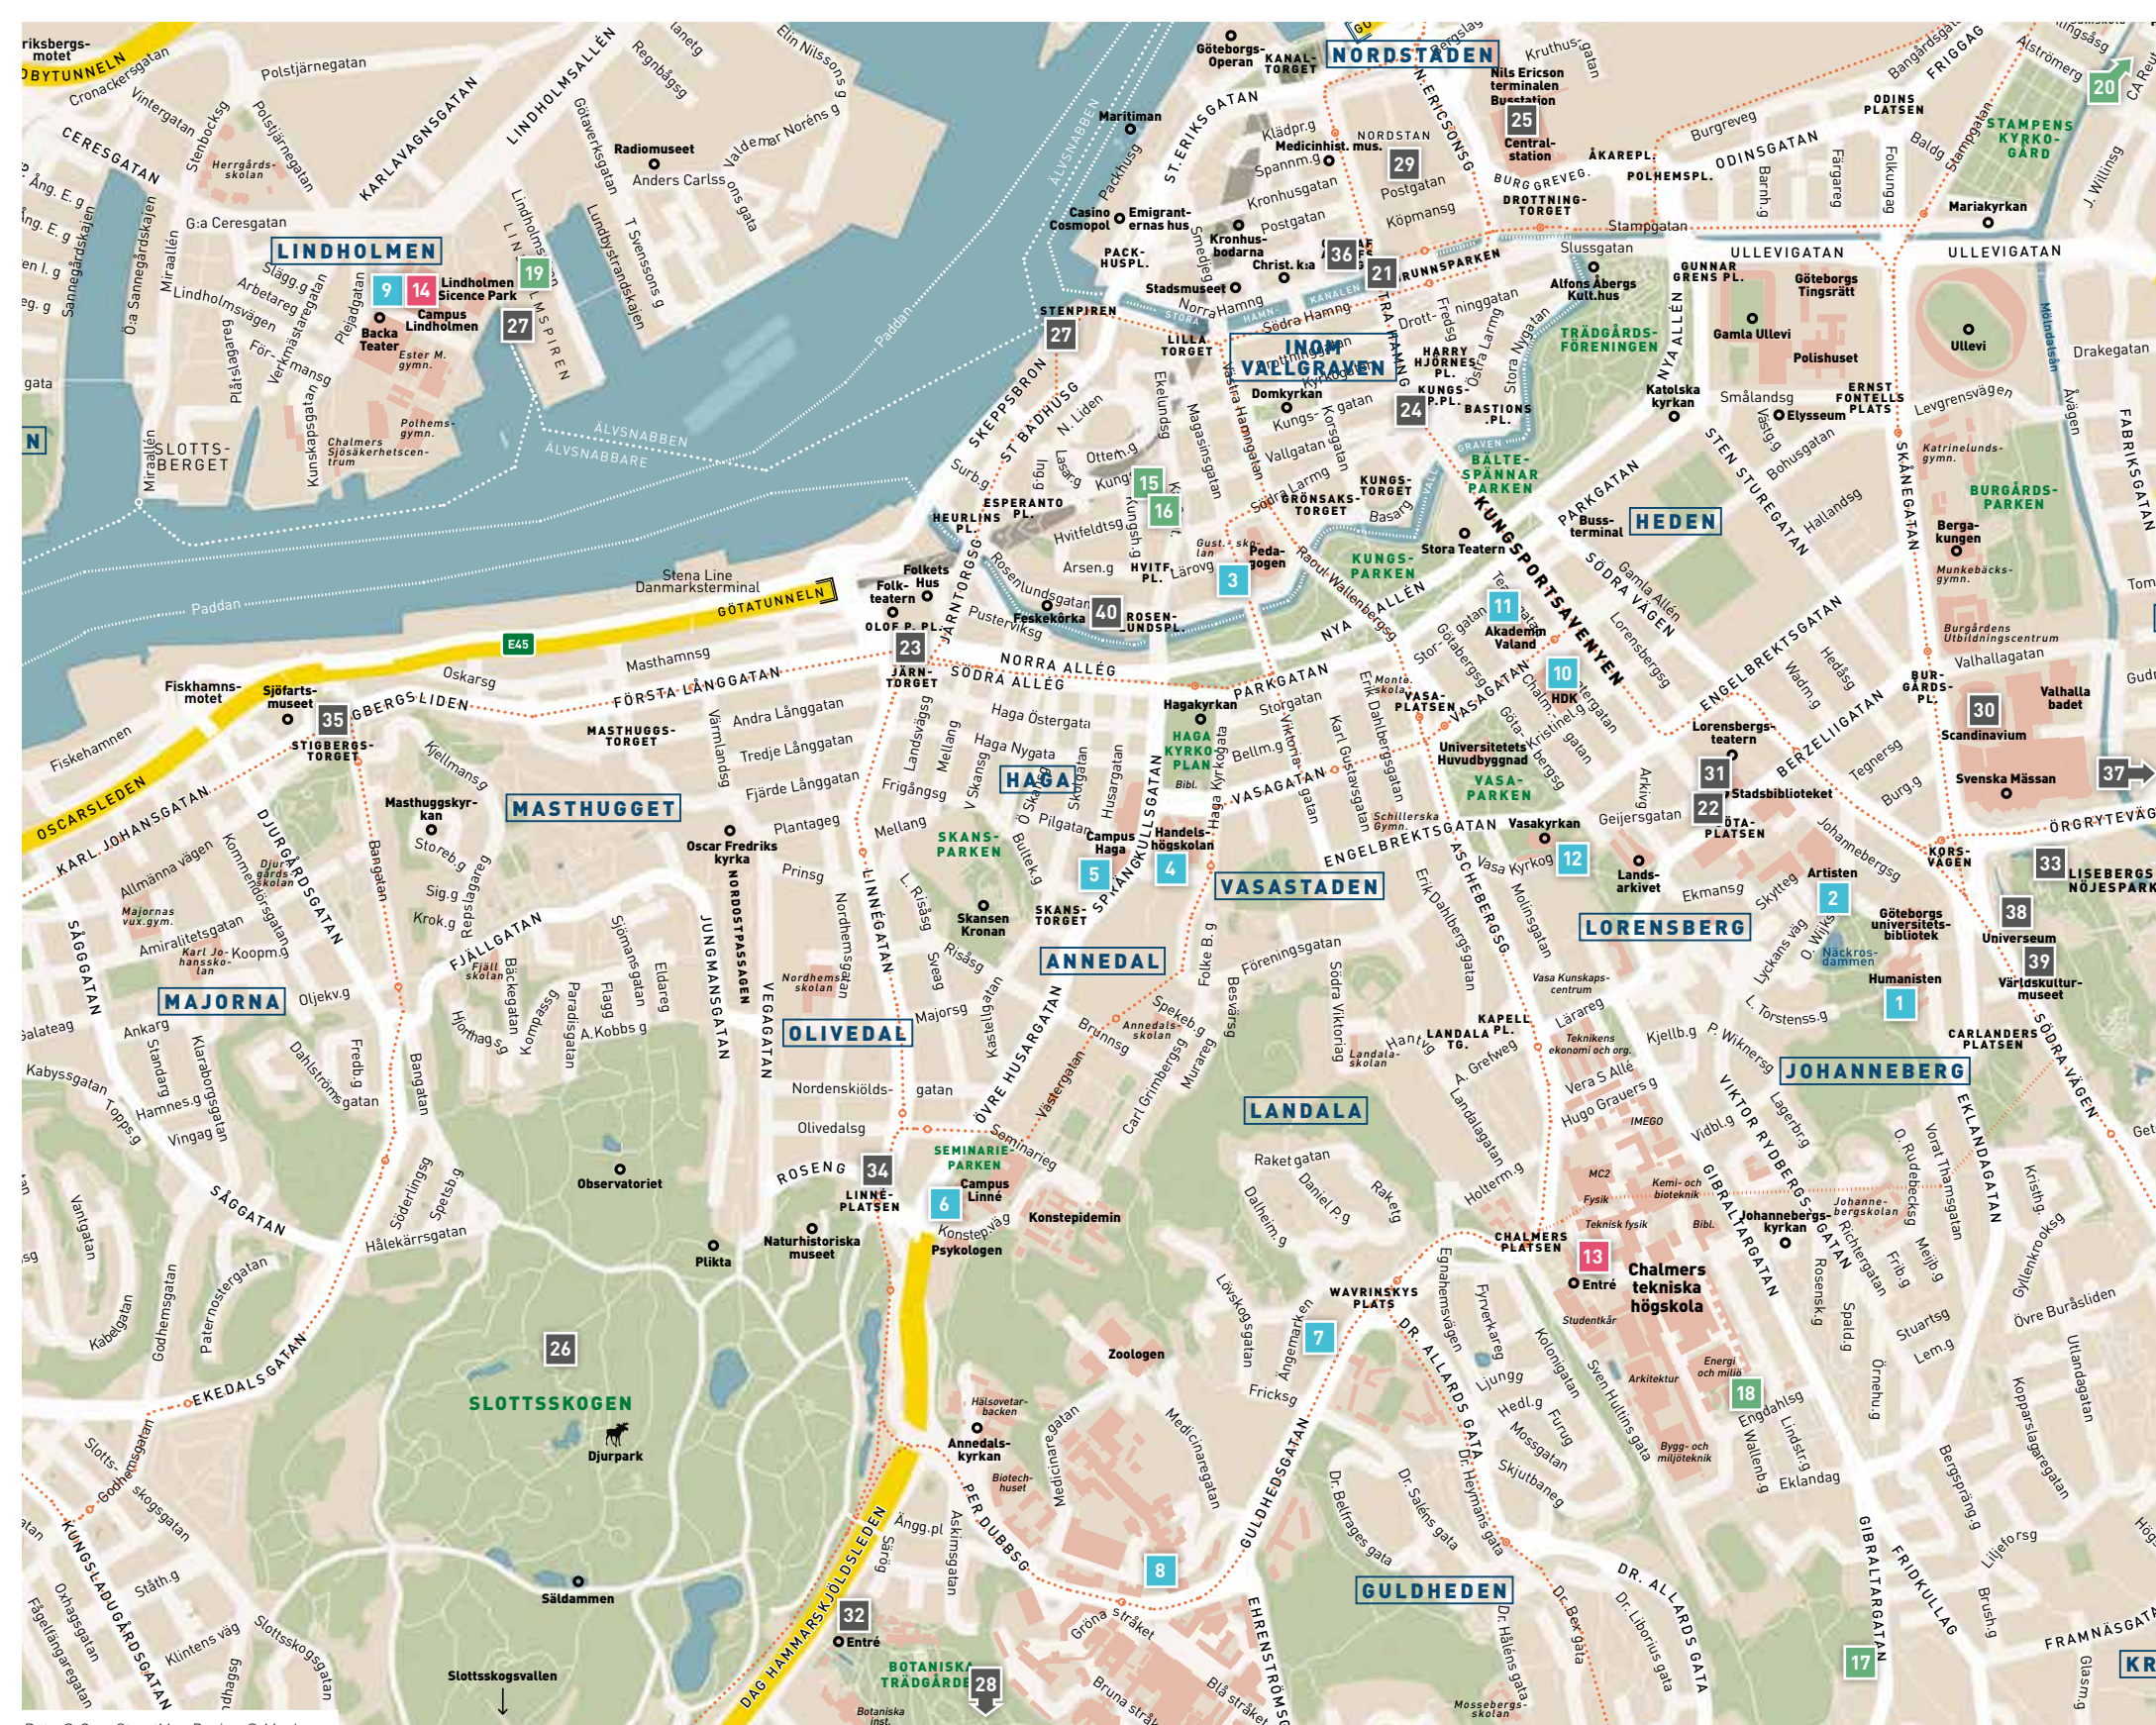

Throughout the organisation, there is a strong sense of openness. The University actively participates in the public debate and interacts with the surrounding society.

Strong research and attractive study programmes attract scientists and students from around the world. They offer new perspectives and help solve the major challenges facing the world.

The University of Gothenburg is environmentally certified and works actively for sustainable development. With new knowledge and new perspectives, the University contributes to a better future.
